SUPPLEMENTAL REASONS FOR ALLOWANCE

Claims 1-6, 12 and 13 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a plurality of sockets disposed adjacent to each other and having accommodating surface portions with approximately the same height, a cover rotatably attached to the each of the sockets, and an electrical part mounted over the accommodating surface portions so as to bridge the accommodating portions, in combination with the remaining limitations, as in claims 1 and 6. Allowability of claims 12 and 13 was discussed in the Paper mailed April 15, 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Felix O. Figueroa whose telephone number is (571) 272-2003. The examiner can normally be reached on Mon.-Fri., 10:00am-6:00pm.
